Review Staff: 75/3498

Date 20 November 1975

TO : CIA Task Force
FROM : The Review Staff, Don Gregg
SUBJECT : SSC/HSC Request
RECEIVED: Date _____ Time _____

Miss Hess, HSC Security Officer, called me on 20 November 1975, saying that she would like to start talks on the topic of ultimate disposal of CIA documents which have been loaned to the HSC.

I asked what position the HSC now takes with regard to the documents. She replied that the committee is "leaning toward" having the documents maintained by CIA [redacted] with the understanding that later access to the documents could be granted to the Speaker of the House or his representatives, if necessary. I said that this seemed a sensible approach, which would need fleshing out. She said she would be pleased to come out to the Agency to discuss this matter early next week. It was agreed that such a meeting would be mutually beneficial, and I said I would arrange it.

Comments: Suggest that this matter be discussed at the 21 November 4:00 p.m. meeting at the Review Staff prior to a meeting with Miss Hess early next week.
